

## Eligibility Requirements For Empire State Darts and Partners Promoting Darts

The following info is a guide to help you determine how you can be eligible to participate in the events described below. One of the biggest requirements is participation, and the support of league activities. Both ESD and PPD have point systems in place to reward dart players who participate. PPD and ESD are working together to help promote the sport of darts, provide a fair environment to discourage cheating, and reward players for their participation. For more information, please contact Jeff MacIntosh at 518-862-2216, or email Jeff at esdarts@hotmail.com

\*This column applies to ESD traveling leagues. In house leagues may not necessarily apply the same fees and requirements.

\*\*The TOC rules explain the top finishers who advance because it may vary from the Top 8 for the men (outside of the remote pre-qualifiers) and it could potentially be more than the top 8 for the women who advance. The TOC rules will explain in better detail how the Mixed Doubles Invitational, the Hard-Luck events and the advancing positions from each qualifier work.
